Percolator

Double Skinned Construction | Stainless Steel | Easy Clean Design | 80 Cup Capacity

Designed by Roband and manufactured overseas, the Robatherm Percolator is designed to deliver exceptional percolated coffee or tea with simple operation and minimal cleaning. Its elegant brushed stainless steel exterior, double-skin construction, quality components, and efficient basket design set it apart from the competition.

CP80

FEATURES

- Double skin construction – reducing external touch temperatures
- Simplified and effective basket ensuring minimal parts to clean and preventing coffee granules or tea leaves from entering drink to be served
- Patented "safety dome" ensures a great tasting beverage and reduces risk of scalding if lid is inadvertently removed during percolation cycle
- Simple on/off operation – separate percolator element delivers coffee or tea whilst warming element keeps the beverage at serving temperature during and after percolation cycle
- Sturdy high-quality non-drip stainless steel tap
- 12.8 litre, 80 (160 ml) cup approximate capacity
- Twist lock lid with quality handles
- Optional accessory, HF1 Hands-free Tap Lever
- Matching style Robatherm urns available in 10, 20 or 30 litre capacity
