Side mount compressor unit

digital display allows for easy monitoring.

(R-290)

With compressors positioned on the side of the unit, our refrigerators can now be serviced without being moved. Our innovative, front breathing feature also allows this model to be highly efficient in narrow spaces.

Exterior & interior of the cabinet

The Turbo Air K-series boasts a stainless steel exterior (galvanized steel back and bottom). Interior is stainless steel floor with AL sides, back and AL door liners. It guarantees the utmost in cleanliness and long product life. The K-series adds a touch of style to the most refined setting.

High-density polyurethane insulation

The entire cabinet structure and solid doors are foamed-in-place using high density, CFC free polyurethane insulation.

Hot gas condensate system

Through Turbo Air's creative innovation, the condensate system surfaces have been specially treated to resist corrosion. This not only increases efficiency without the risk of refrigerant leakage from corrosion, but also thoroughly prevents the overflow of condensate water.

Ergonomically designed doors

Customers' fatigue fades away with easy grip handles and doors that open effortlessly. These features along with self-closing doors make this the ultimate choice in customer convenience.

Adjustable, heavy duty, PE (polyethylene) coated wire shelves

Easy open front grille with condenser cleaning brush kit

Front grille cover is easily removable without any tools, which makes condenser cleaning easy and convenient at any time. Handy condenser cleaning brush is included inside the front grille cover.

Refrigerator holds 1°C ~ 8°C for the best in food preservation

Meat Function

The Meat function allows the compressor to run continuously for up to 2 hours. When activated, the temperature drops quickly. This is ideal when you put new stock and need to chill/ freeze it quickly. Also for aging meat and fish to an ideal temperature.

REFRIGERATOR MANUFACTURER WARRANTY: 3 Year Parts and Labour Warranty

Available in 700mm as standard and slim 600mm deep

LED interior lighting & fan control (only at Turbo Air)

Energy efficient LED lighting lights every corner, making items easy to find. Fan control function automatically shuts off the fan when the door is open, which prevents hot air from being drawn in, thus maintaining the cool inner temperature.

Standard features

- · Anti-corrosion coated evaporator
- · Self-contained syste
- · Standard 125mm. swivel castors with locks on the front se

Optional features

125mm castors fitte

· Door locks standar

- 180mm, 105mm, 80mm castors optiona
- Adjustable legs 100-155mm, 70-90m

____ FEATURES / BENEFITS =___

Digital temperature control & monitor system Keep food products safe by maintaining constant temperatures. External

UNDER COUNTER SOLID DOOR

Fridge KURF12-2-N / KURF12-2(HC)

Model	KURF12-2-N(HC)
Refrigerant	R-290
COMP (HP)	1/4HP
POWER INPUT(W)	400
Energy consumption	3.22
AMPS(A)	2.4
Capacity	R:121 F:136
Product Dimension W	1200
Product Dimension D	700
Product Dimension H	855
Weight	92
Stainless steel	SUS 439
Features	Front Breathing
Max GN Pan depth	
GN Pan	
Door lock	yes
Adjustable Shelves	2
LED light	yes
Temperature range	R:1℃~-8℃ F:-21℃~-12℃
Ambient temperature	35°C
/ Drainage Forced Evaporation	Heater + Soaking Paper
Temperature control	Digital control
Cooling type	FAN COOLING
Glass Type (Low-e / Heater / How many layer of the glass)	

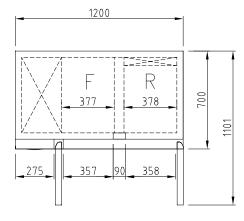

Design and specifications subject to change without notice. Actual Shipping weight may differ due to extra packing materials for product protection.

- DOOR LOCKS STANDARD
- INTERIOR LED LIGHTING STANDARD
- Self-Contained System
- STANDARD 4" SWIVEL CASTERS WITH LOCKS ON THE FRONT SET
- ALUMINIUM DOOR FRAME
