ROBAND®

Compact Strip Heat Lamps

Overhead Heating | Easy Fit Globes | Reliable Performance | Natural Aluminium or Black

Next-generation strip heating - efficient, stylish and designed for today's kitchens. The Roband Compact Heat Lamp Series delivers consistent performance with a sleek look that fits seamlessly into modern venues.

FEATURES

- Next-generation Roband strip heat lamps now 6% hotter thanks to our new precision-engineered reflector
- Contemporary design in natural aluminium or black finish
- Range of sizes from 450mm to 2100mm
- Quartz (SQ) models (heat & light) – easy-fit lamp with safety guard + easy-access switch
- Element (SE) models (heat only) – now fitted with safety guard and easy access switch
- Both models supplied “Plug ‘n’ Go” – independent control or wire centrally
- Improved appearance and cable management
- Simple mounting system
- SE models have variable heat control
- Designed to suit Roband portable Heat Lamp Stand (900 or 1200mm length)
- Includes switch, plug, cord and mounting brackets
