ROBAND®

Food Bar & Bain Marie Accessories

Numerous Options to Suit Food Bars & Bain Maries | Configure Unit To Suit Needs

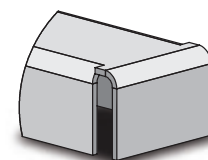

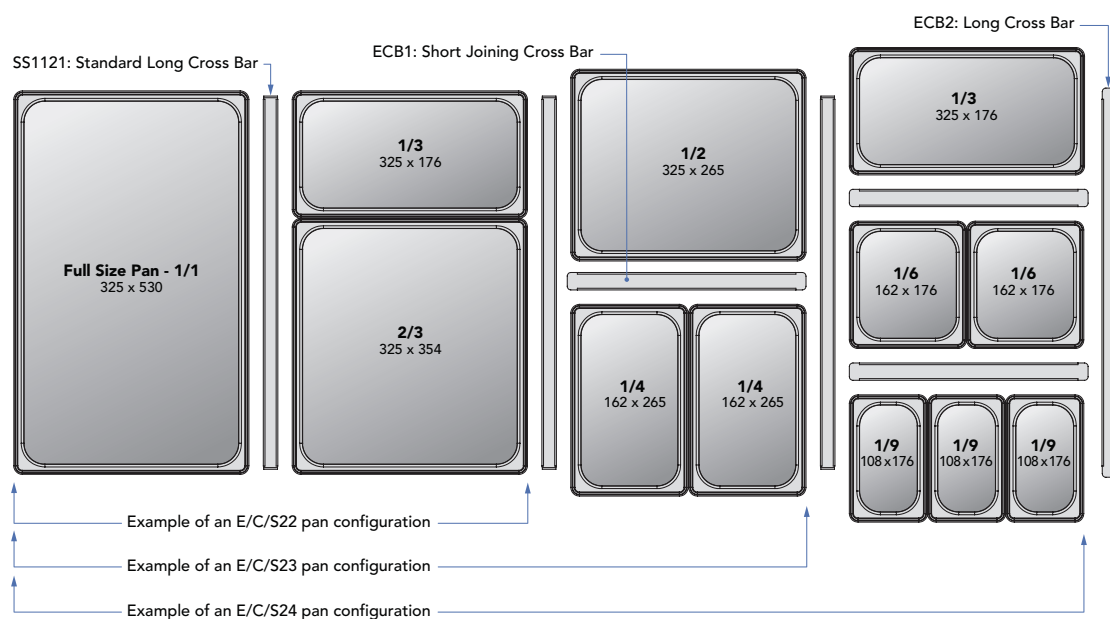

Roband offers a range of accessories to suit the following Food Bars & Bain Maries:

- Straight Glass Hot & Refrigerated Food Bars (E, ERX, EFX models)
- Curved Glass Hot & Refrigerated Food Bars (C, CRX, CFX models)
- Square Glass Hot & Refrigerated Food Bars (S, SRX, SFX models)
- Large Hot & Refrigerated Bain Maries (BM14-BM26, BR22-BR26)
- Counter Top Bain Maries (BM1/BM2/BM21/BM4)

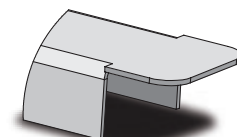

Ensure that local health regulations are consulted before specifying/ordering accessories.

FOOD BAR & BAIN MARIE LAYOUT GUIDE

The pan layout guide can be used to help plan what combinations of pans and cross bars are possible with Roband food bars and bain maries.

SS1121: This cross bar can only be inserted into the slots in double row tanks

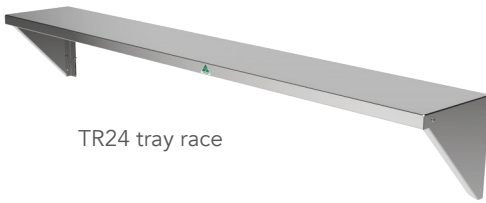

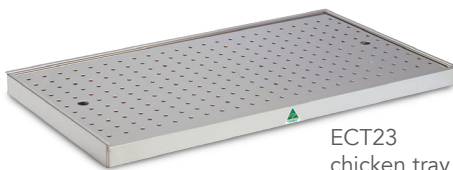

ECB1 and ECB2: These cross bars can be used in any position to allow pans to be supported

- The drawing shows a double row module configuration
- When dividing up modules, ensure that each pan is supported on a minimum of two opposite sides. Use cross bars and tank sides to achieve the recommended support. ECB1 and ECB2 are available for this purpose.
- Use ECB1 and ECB2 to divide modules up into smaller sizes to accommodate varying pan combinations.
- The standard cross bar shown (SS1121) is supplied with all double row units. It is not normally necessary to purchase additional quantities of these parts.
